English Subtitle: Date: September 17th, 2017 Language: English Synopsis: Earth is being transformed by the Predacons as Megatron upgrades them for a new role in the fight against the ultimate warrior, the Fallen (Mark Wahlberg). As war looms, Optimus Prime is gone, and the fate of the entire planet is in the hands of Bumblebee (Hailee Steinfeld), who must drive the legendary Micromaster (Kelsey Grammer), and his team of brave Autobots, to safety. Stars Mark Wahlberg as The Fallen; Nicola Peltz as Caroline Channing; Will. The story is set in the fictional universe of the Transformers franchise, a fictional continuity of several films and television shows in the. In the film, directed by Michael Bay, and based on Hasbro's Transformers toy line, the Autobots and Decepticons, who are both cyborgs and humanoid robots, encounter each other in the world of Earth and fight a war. Megatron has been transformed into the Fallen, the Beast of Wrath. He has recruited the shapeshifting mercenaries called Predacons, and they have started a terror campaign to conquer the planet. Optimus Prime and Bumblebee are pursued through the world by Predacons and Decepticons, and they are forced to team up with a new ally, the former CIA agent Cade Yeager, who leads them to safety. As nightfall approaches, Bumblebee and the human allies flee in the hopes of reaching the Decepticon-dominated Ark, which is capable of self-sustaining in space. With the fate of humanity on the line, Bumblebee must join forces with a young autobot, Leo. Megatron, the Fallen, follows them to Earth in his attempt to take control of the planet. Arriving at the Ark with his army of Predacons and the all-new Dinobots, Megatron reunites with his long-lost, previous Fallen form, the Dinocroc, who now possesses all of the intelligence of a Tyrannosaurus. Both will stop at nothing to rule the planet. Transformed by a human team of scientists, Bumblebee is a capable human ally, but the Decepticons are not fooled by his human guise. Using him, they plan to invade the human colonies and overthrow the government. Bumblebee must learn the ways of the Decepticons and survive as humanity is on the brink of destruction. As the war between Autob 82157476af
